SUPPORTING OUR TROOPS

Fans of America Foundation is a national, 501(c)(3) nonprofit organization whose missions are solving housing issues with homeless veterans. We honor those who have served us and who serve us—across the street and across the country. Our goal is to build assisted living facilities called Heroes Home Places in all 50 states for disabled, disadvantaged and homeless veterans.

We also help veterans in transition who are having trouble staying in their homes because of financial hardships and those who need repairs done so that they can have safe living environments for themselves and for their families. We contribute supplies to the homeless veterans so that they have what they need to help people in times of crisis.
